PROFESSIONAL SUMMARY

Recent Computer Science and Engineering graduate with a B.Sc. degree from City University and a CGPA of 3.42/4.00. Familiar with HTML, CSS, JavaScript, SQL, C, Java, and Python. Experienced in academic project development involving Python, TensorFlow/Keras, image processing, and deep learning using MobileNetV2. Seeking a Junior Web Developer position to apply programming and web development knowledge while building practical experience in professional software development.

TECHNICAL SKILLS

Web Technologies: HTML, CSS, JavaScript

Programming Languages: C, Java, Python

Database: SQL

Development & Technical: Object-Oriented Programming, Web Development Fundamentals, Machine Learning, Deep Learning, Image Classification

PROJECTS

Personal Portfolio Website

Technologies: HTML, CSS, JavaScript | GitHub: [\[Project Link\]](#)

- Designed and developed a personal portfolio website to showcase education, technical skills, projects, and professional information.
- Created a structured and responsive user interface using HTML and CSS.
- Added interactive functionality using JavaScript.
- Published the project source code on GitHub.

Simple E-commerce Website

Technologies: HTML, CSS, JavaScript | GitHub: [\[Project Link\]](#)

- Developed a simple e-commerce website interface for displaying products and providing basic shopping functionality.
- Designed product-focused web pages using HTML and CSS.
- Implemented interactive website features using JavaScript.
- Organized and maintained the project source code using GitHub.

Tomato Leaf Disease Detection Using MobileNetV2

Technologies: Academic / Thesis Project | Python, TensorFlow/Keras, MobileNetV2

- Developed an image classification system for detecting diseases in tomato leaves using the MobileNetV2 deep learning architecture.
- Performed image preprocessing and augmentation to prepare image data for model training.
- Implemented multi-class classification for identifying different tomato leaf diseases and healthy leaves.
- Applied transfer learning with MobileNetV2 for image-based disease detection.

- Gained practical experience in Python, TensorFlow/Keras, dataset preparation, model training, and model evaluation.

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science and Engineering

City University | CGPA: 3.42/4.00 | Passing Year: 2026

Higher Secondary Certificate (HSC)

Notre Dame College Mymensingh | Science | GPA: 5.00/5.00 | 2020

Secondary School Certificate (SSC)

Dakatia Shahid Mukti Juddha High School | Science | GPA: 5.00/5.00 | 2018

LANGUAGES

Bangla: Native

English: Professional

CAREER INTERESTS

Junior Web Development | Front-End and Back-End Development | Web Application Development | Software Development
